

SUBHAJIT MAITY

Full-Stack Developer | MERN Stack Developer

📍 Durgapur, WB 📞 7679166250 ✉ Email 🔗 LinkedIn 🔗 GitHub 🔗 Portfolio

PROFESSIONAL SUMMARY

Final-year B.Tech (IT) student and Full-Stack Developer skilled in React.js, Node.js, Express.js, and MongoDB. Built and deployed a MERN E-commerce Platform and an AI-powered Resume Analyzer using NLP and Machine Learning. Seeking Software Developer / MERN Stack opportunities.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), Python, Java, SQL
- **Frontend:** React.js, Redux Toolkit, HTML5, CSS3, Bootstrap, Tailwind CSS, React Router Dom
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- **Databases:** MongoDB Atlas, SQL, SQLite
- **ML / NLP:** spaCy, NLTK, scikit-learn, TF-IDF, Cosine Similarity, Pandas
- **Tools:** Git, GitHub, VS Code, Streamlit, Vercel, Render

PROJECTS

ModernShop – Full Stack MERN Ecommerce Platform

🔗 GitHub

🔗 Live Demo

React.js | Node.js | Express.js | MongoDB | JWT | Razorpay

- Built a production-ready MERN ecommerce platform featuring JWT authentication, product search & filtering, wishlist, cart management, address management, order processing, and role-based admin dashboard.
- Developed 20+ RESTful APIs and MongoDB data models for products, users, orders, inventory, and customer management with automated stock synchronization.
- Integrated Razorpay payment gateway with secure backend verification and deployed the application using Vercel, Render, and MongoDB Atlas.

SkillBridge AI – Smart Resume Analyzer

🔗 GitHub

🔗 Live Demo

Python | Streamlit | NLP | Machine Learning | spaCy | NLTK | SQLite | Gemini AI

- Developed an AI-powered career assistance platform that performs ATS analysis, resume parsing, skill-gap detection, and job-role matching using TF-IDF and cosine similarity.
- Built dashboard analytics, smart resume builder, course recommendation system, and AI-generated resume improvement suggestions using Gemini AI.
- Designed a modular Streamlit application with SQLite integration, job aggregation, feedback management, and interactive data visualization features.

EXPERIENCE

Software Development Intern | Pinnacle Lab Pvt. Ltd.

May 2025 – July 2025 | Remote

- Developed and deployed features for a live ecommerce application using React.js, Node.js, Express.js, and MongoDB.
- Designed RESTful APIs to improve frontend-backend communication and data flow.
- Optimized React components and application state management for enhanced UI performance.
- Collaborated in Agile development workflows using Git and GitHub.

EDUCATION

B.Tech in Information Technology — CGPA: 7.03

Bengal College of Engineering & Technology (MAKAUT University) | 2022 – 2026

Higher Secondary (Science) — 86.2% | Malbandi Ashutosh Vidyamandir | West Bengal | WBCHSE, 2022

Secondary (Class 10) — Malbandi Ashutosh Vidyamandir | West Bengal | WBBSE, 2020
